Police Brutality, Misconduct, and Corruption
Criminological Explanations and Policy Implications
This Brief proposes a criminological typology for understanding and addressing police misconduct. Through examination of each major type of police misconduct, the author proposes future research directions to deter and prevent misconduct. [...]
What can social theory really teach us about crime in the world today? This book gives an overview of key theoretical debates alongside explanations of cutting edge research to show how abstract thought relates to everyday experience. Looking at global crime to street crime, it brings together the most significant work on crime and social theory.

Security Interests in Intellectual Property

Economic development increasingly depends to a large extent on innovation. Innovation is generally covered by intellectual property (IP) rights and usually requires extensive funding. This book focuses on IP and debt financing as a tool to meet this demand. This book clarifies the situation of the use of IP as collateral in practice through a survey conducted in Japan on IP and debt financing. [...]
